2024 膳食补充剂研讨会

- US FDA 法规和 cGMP 要求、USP 公共标准及其他

Dietary Supplements Workshop 2024:

US FDA Regulations & cGMP Requirements, USP Public Standards and Others

2024年9月9-10日 (1.5天) 中国·深圳 September 9-10, 2024, Shenzhen, China

联合主办 Co-hosts:

美国药典委员会 (U.S. Pharmacopeial Convention) 中国医药保健品进出口商会 (CCCMHPIE)

- US FDA 法规和 cGMP 要求、USP 公共标准及其他 Dietary Supplements Workshop 2024:

US FDA Regulations & cGMP Requirements, USP Public Standards and Others 2024 年 9 月 9-10 日 中国·深圳 Sep. 9-10, 2024, Shenzhen, China

会议介绍 Introduction:

在美国《膳食补充剂健康和教育法》(DSHEA) 中膳食补充剂 (DS) 的定义为基于产品的"预期用途"的一类食品。美国食品药品监督管理局 (US FDA) 根据 DSHEA 法案要求发布了膳食补充剂现行良好生产管理规范 (cGMP) 法规,旨在通过确保膳食补充剂的质量来保护公众健康。在其他要求中,cGMP 法规要求生产商通过确立成分和成品的标准来确保产品质量。

美国药典委员会 (USP) 作为具有 200 多年历史的制定有助于确保药品、膳食补充剂和食品公共标准及相关方案的机构,致力于改善全球健康状况。使用 USP 公共标准并符合 GMP 要求,有助于确保膳食补充剂产品的质量和一致性。

本次会议由美国药典委员会和中国医药保健品进出口商会联合举办,特别邀请到来自USFDA、USP、中国医保商会、美国商务部、产业界及学术界的专家,就美国膳食补充剂的法规、市场趋势、cGMP要求、质量标准、合规与执行等关注热点进行介绍,同时也将介绍植物提取物、咀嚼凝胶(软糖)、益生菌的相关法规和标准。会议面向膳食补充剂产品的品牌方/生产商/出口商、法规监管机构、科研机构、合同外包实验室等单位。与会者将有机会通过现场交流了解USFDA膳食补充剂项目办公室对大家关注话题的看法。

The Dietary Supplement Health and Education Act (DSHEA) in the United States defines dietary supplements (DS) as a category of foods based on the "intended use" of those products. The US Food and Drug Administration (FDA) issued the DS current good manufacturing practice (cGMP) regulations in compliance with the mandate from the DSHEA, with the intention of protecting public health by ensuring the quality of DS. Among other requirements, the cGMP regulations require manufacturers to ensure product quality by establishing specifications for components and finished products.

USP is a drug quality standard-setting body with a history of more than 200 years. It is committed to developing public standards and related programs that help ensure the quality, safety, and effectiveness of DS, foods and drugs, and has made outstanding contributions to improving global health. Use of the public standards developed by the United States Pharmacopeial Convention (USP), in conjunction with GMP compliance, is presented to help ensure quality and consistency of DS products.

This workshop brings together experts from US FDA, USP, CCCMHPIE, US Department of Commerce, industry and academia will provide training on DS regulation and market trends in the US, US cGMP requirements for DS, quality standards, compliance and enforcement. Botanical extracts, chewable gels (gummies) and probiotics will be also included in the training. Participants from brand parties/manufacturers/exporters of DS products from China to the US, regulators, academic institutions, contract labs, etc. will have opportunities to seek inputs from FDA Office of Dietary Supplement Programs on their perspectives on topics of interest from China.
